## Our mission

We seek to promote responsible business practices by stimulating multi-stakeholder dialogue and providing knowledge, tools and mutual learning for businesses in Switzerland and Liechtenstein to engage in corporate responsibility and sustainability.

### Companies operate responsibly

By incorporating the Ten Principles of the UN Global Compact into their value system.

### Companies contribute to progress

By taking the 17 UN Sustainable Development Goals (SDGs) into account in their strategies.

Our resources come from membership fees, mandates and in-kind contributions.

# Take advantage of our services

## Build the Business of Tomorrow

Drive the Ten Principles and the SDGs forward; with access to tools, best practice and inspiration

- We provide your organization with the knowledge to develop environmental and social risk analyses and sustainability strategies. We support you in the operational implementation of responsible business practices such as supply chain management, human rights due diligence, anti-corruption measures, reporting, etc.
- Access best practice from member companies and benefit from dialogues, training, sharing & learning's workshops, webinars to find pragmatic solutions, develop synergies as well as create sector initiatives for best practices
- Access national and international working groups and networks on responsible business practices and the application of the SDGs and move from theory to practice
- As Small and Medium-sized Enterprises (SMEs), get guidance in responsible business management systems and reporting

## Gather. Learn. Network.

Become part of Switzerland's network for responsible business

- We give your organization access to like-minded, innovative, and successful stakeholders both locally and globally. Together, we further develop corporate responsibility
- Join and be visible across the network's events and programs to raise your company's reputation, strengthen your social license to operate, as well as attract and retain talent
- Create relations and access other key networks including Swiss Government Agencies, PRI (Principles for Responsible Investment) or PRME members (Principles for Responsible Management Education) among many others

## Work Together

Navigate policy; in a multi-stakeholder platform in partnership with the Swiss government

- We offer you a platform with various stakeholders from business, civil society, academia, and the public sector on topics of economic, social and environmental responsibility
- Become part of the dialogue on critical issues shaping the responsible business agenda
- Explore solutions to 'live' challenges and dilemmas in closed and open groups
